Structure of this Document

Due to the structure of the Company and the fact that several classes of Investor Shares in the Sub-Fund/s may be offered, the Company has issued this Offering Memorandum which includes general information in connection with the Company and several Offering Supplements, one for each Sub-Fund.

The Offering Memorandum covers all the matters which are generally relevant and/or common to the Sub-Funds. The Offering Supplements contain specific information directly related to a Sub-Fund and the classes of Investor Shares constituting that Sub-Fund. Each Offering Supplement forms an integral part of this Offering Memorandum.

In the case of the Company constituting a new Sub-Fund, a new Offering Supplement, dedicated to the particulars of that Sub-Fund, will be issued.

An Investor will be provided by or on behalf of the Company with both the Offering Memorandum and the relevant Offering Supplement for the specific Sub-Fund. Any Offering Supplement should be read in conjunction with this Offering Memorandum.

An Offering Supplement may modify, supplement or exclude any terms or conditions stated in this Offering Memorandum in relation to a particular Sub-Fund as well as include terms and conditions which, although not included in this Offering Memorandum, apply to the related Sub-Fund. In the event of any incompatibility between the Offering Memorandum and any Offering Supplement, the latter shall prevail with respect to the related Sub-Fund.

Section 2 | PRINCIPAL FEATURES

The following should be read in conjunction with the full text of this Offering Memorandum and is qualified in its entirety by and subject to the detailed information contained elsewhere in this document.

Company Structure

Ventura SICAV plc is a collective investment scheme established as a multi-fund investment company with variable share capital (“**SICAV**”) incorporated with limited liability under the laws of Malta. The Company is a Notified AIF under the Investment Services Act (List of Notified AIFs) Regulations under the ISAct and operates as a European Venture Capital Fund targeting Qualifying Investors.

The Company may constitute segregated Sub-Fund/s which are segregated patrimonies and are represented by different classes of Investor Shares. Such Sub-Fund/s may also comprise or be sub-divided into more than one class of Investor Shares which are not segregated patrimonies.

At the date of this Offering Memorandum the Company has established the following Sub-Fund:

Digital Opportunities 1

In addition to the Investment Eligibility Requirements set out in this Offering Memorandum, the Company in respect of the relative Sub-Funds is also subject to the investment objectives, policies, restrictions and other features of each Sub-Fund are outlined in the relevant Offering Supplement.

In future, new Sub-Funds may be established and others may be closed. An up-to-date list of the Sub-Funds available for investment can be obtained from the Investment Manager or the Administrator.

Segregated Assets

The Company is structured with segregated liability between its Sub-Fund/s pursuant to Maltese law and accordingly, the assets of one Sub-Fund will not generally be available to meet the liabilities of another.

Under Maltese law, the creditors of that Sub-Fund whose liabilities exceed its assets shall have no claim or right of action against the assets of the other Sub-Funds and of the Company and the legal status of each Sub-Fund as having segregated assets and liabilities from each of the other Sub-Funds should be respected in any proceedings under the Companies Act related to either the dissolution and consequential winding-up of the Company or its reconstruction. Furthermore such proceedings instituted under the Companies Act should apply in the same way to each Sub-Fund as though it were a distinct legal entity and with such modifications as are necessary in view of the fact that a Sub-Fund is not a company. Any such proceedings in relation to any one Sub-Fund should not have any effect on the assets of any other Sub-Fund or of the Company.

The Directors will hold or cause to be held such separate accounts, records, statements and other documents as may be necessary to evidence the liabilities and assets of each Sub-Fund as distinct and separate from the assets and liabilities of all the other Sub-Funds. If classes of Investor Shares are issued in the same Sub-Fund, all assets and liabilities of each such class of Investor Shares would form part of the total assets and liabilities of the Sub-Fund of which such a class of Investor Shares forms part.

Notwithstanding the foregoing, the Company is a single legal entity which may operate or have assets held on its behalf or be subject to claims in other jurisdictions which may not necessarily recognise such segregation and in such circumstances the assets of one Sub-Fund may be exposed to the liabilities of another. There is no guarantee that the courts of any jurisdiction outside Malta will respect the limitations on liability associated with segregated account companies.

New Classes of Investor Shares

The Company may issue new classes of Investor Shares which may be constituted as segregated Sub-Fund/s or new classes of Investor Shares within existing Sub-Funds, which may be designated in various currencies. The assets of the said Sub-Funds may be managed utilising different strategies or methodologies, or by investing in different markets.

This Offering Memorandum is to be at all times accompanied by an Offering Supplement for the Sub-Fund which is the subject of the Offering. Offerings in other Sub-Funds may be made again in the future. Information about Sub-Funds other than the ones referred to herein may be obtained from the Investment Manager or the Administrator.

Investment Objective and Policies

The investment objective of the Company is to primarily provide funding to Small Medium Enterprises in EEA Member states as defined under “**Section 1 | Interpretation**”, to enhance growth of such enterprises and the European economy.

The investment objective and policies of a Sub-Fund are set out in the Offering Supplement in respect of that Sub-Fund.

There is no guarantee that the investment objective will be met.

Investment Restrictions

At least 70% of the aggregated capital contributions and uncalled committed capital of each Sub-Fund will be invested in Qualifying Investments (as defined under “**Section 1 | Interpretation**”) calculated on the basis of amounts investible after deduction of all relevant costs and holdings in cash and cash equivalents, within a time frame laid down in the relative Offering Supplement. The Company in respect of a Sub-Fund will not be permitted to invest more than 30% of its aggregate capital contributions and uncalled committed capital in assets other than Qualifying Investments.

The company may also invest in other EuVECAs provided that the latter have not themselves invested more than 10% of their aggregate capital contributions and uncalled committed capital in other EuVECAs.

Restrictions on Borrowing or Leverage

The use of leverage at the level of the Sub-Fund is not permitted. Thus, the Investment Manager in respect of a Sub-Fund of the Company shall not employ any method by which the exposure of a Sub-Fund is increased beyond the level of its committed capital, whether through borrowing of cash or securities, the entry into derivative positions or by any other means. Furthermore, the Investment Manager in respect of a Sub-Fund of the Company may only borrow, issue debt obligations or provide guarantees, at the level of the respective Sub-Fund/s, provided that such borrowings, debt obligations or guarantees are covered by uncalled commitments in the relevant Sub-Fund and thus do not increase the exposure of the Company beyond the level of its committed capital.

Nevertheless, where it is necessary for a Sub-Fund to cover extraordinary liquidity needs that may arise between a call of committed capital from investors and the actual reception of the capital in its accounts, short-term borrowing is allowed provided that the amount of such borrowing does not exceed the Sub-Fund's uncalled committed capital.

Cash advances from investors of the Company in a Sub-Fund/s that are fully covered by capital commitments from those investors do not increase the exposure of the Company and are allowed.

Cross Sub-Fund Investment

Subject to any additional restrictions stated in the Offering Supplement applicable to any particular Sub-Fund/s, a Sub-Fund shall be permitted to invest in Shares of other Sub-Fund/s of the Company (“**Cross-Sub-Fund Investment**”), provided that the latter Sub-Fund has not invested more than 10% of its aggregate capital contributions and uncalled committed capital in other EuVECAs.

Furthermore the following conditions and restrictions will apply in case of Cross Sub-Fund Investments:

- (a) a Sub-Fund may not invest more than fifty percent (50%) of its assets in any one other Sub-Fund of the Company;
- (b) a Sub-Fund which is the subject of a Cross-Sub-Fund Investment may not invest back into a Sub-Fund which invested in it;
- (c) the Investment Manager will, to the extent of the Cross-Sub-Fund Investment, only charge one Investment Management and one subscription or redemption fee; and
- (d) to the extent applicable, Shares held by another Sub-Fund will not have any voting rights or be counted when thresholds for consent of Investor Shareholders.

Alterations to the Offering Documents

The Directors may, at their sole discretion, alter the Offering Memorandum of the Company and / or Offering Supplement of the Sub-Fund. Such changes will be notified to the MFSA within thirty (30) Business Days from the date of the resolution of the Board of Directors approving such changes and will come into effect within ten (10) days of filing and upon MFSA’s acknowledgement.

Alterations to the Investment Objective, Policies and Restrictions

Subject to the below requirements, and subject to the minimum requirements established in the EU Regulation and set out above, the Directors may, at their sole discretion, alter the Investment Objective, Policies and Restrictions of a Sub-Fund/s.

Any alteration to the Investment Objective shall be notified to the holders of the Investor Shares in that Sub-Fund by mail at least thirty (30) Business Days before such alterations to the Investment Objective are to come into effect. These changes will only become effective after all redemption requests received during such notice period have been satisfied and upon MFSA’s acknowledgement of the alterations to the Offering Documents.

Redemption

Redemptions of Investor Shares may be made on any Redemption Day, at the Redemption Price, if a valid Redemption Notice is received by the Company at the office of the Administrator with such prior notice and subject to such other conditions as may be stated in the related Offering Supplement.

Redemption requests received after such date will be processed on the next following Redemption Day, provided that the Directors may accept, at their sole discretion, a shorter notice. Redemption Proceeds due will be paid out as soon as practicable after final calculation of the Redemption Price on the relevant Valuation Day and after receipt of the proceeds of the sale of any investments sold to fund the redemption.

Publication of Net Asset Value

The NAV per Share, as determined on each Valuation Day, will ordinarily be made available at the offices of the Investment Manager or Administrator.

Please see the related Offering Supplement for NAV per Share publication arrangements in relation to any particular Sub-Fund.

Minimum Initial Subscription and Minimum Holding

Unless otherwise stated in the respective Offering Supplement, Subscribers and/or Shareholders are required to observe the Minimum Initial Subscription and the Minimum Holding requirements of EUR100,000, or its equivalent in any other currency.

The Minimum Holding requirement applies at all times to all Shareholders; however, no obligations shall arise upon a Shareholder should the total value of its relevant holdings decline to less than the Minimum Holding as a result of any fluctuation in the value of any of the underlying assets.

Minimum Additional Subscription and Minimum Redemption

Subject to the Minimum Holding requirement, Shareholders are required to observe the Minimum Additional Subscription and the Minimum Redemption requirements details of which will be set out in the related Offering Supplement.

Accounting Currency

For the purposes of the compilation of the annual financial statements of the Company, the reporting currency for the Company shall be the Accounting Currency. The accounts of each Sub-Fund may be maintained in the Base Currency of a class of Investor Shares constituting that Sub-Fund.

Investment Risk Warning

In this Offering Memorandum and in the Offering Supplement/s of any Sub-Fund, there may be disclosures or descriptions of various investment strategies, approaches, techniques, methodologies, processes and intentions in relation to one or more Sub-Funds. Such disclosures or descriptions may constitute “forward-looking information” as they could contain statements of the intended course of conduct and future operations relating to the management of the investments of the Sub-Fund/s. These statements are based on assumptions made by the Investment Manager of the success of its or those of the Sub-Investment Manager’s investment strategies approaches in certain market conditions, relying on the experience of the Investment Manager’s and the Sub-Investment Manager’s officers and employees and their knowledge of historical economic and market trends.

Investors are cautioned that the assumptions made by the Investment Manager and the Sub-Investment Manager and the success of their investment strategies are highly uncertain, and are subject to a number of factors that make them prone to a range of possible outcomes that can result in substantial losses to the related Sub-Fund. Economic and market conditions may change, which may materially impact the success of the Investment Manager’s and the Sub-Investment Manager’s intended strategies as well as its actual course of conduct.

Such investment strategies carry with them particular risks that are not typical of standard equity or bond funds. Current Shareholders, and any prospective investor, are urged to review carefully the risk factors stated for the Sub-Funds in the relevant part of this Offering Memorandum (refer to “**Section 3 | Risk Factors**”) and any specific risk factors relative to any particular Sub-Fund which may be stated in the Offering Supplement for such Sub-Fund.

Further Information

For further information on the Sub-Fund/s, reference should be made to the latest version of the related Offering Supplement which are available from the offices of the Investment Manager.

Section 3 | RISK FACTORS

In evaluating the potential and suitability of an investment in one or more Sub-Funds of the Company, careful consideration should be given by prospective investors to the following risk factors which relate to the management of the Sub-Fund/s and the underlying markets in which the Sub-Funds' assets will be invested.

An Offering Supplement may also supplement the below list of risk factors with additional risks particular to an investment in the relevant Sub-Fund.

The summary below describes in general terms some of the risk factors that need to be considered in connection with an investment in the Company and its Sub-Funds. These risk factors should be regarded as general information and may not be a complete list of all relevant risk factors. It is accordingly recommended that, besides carefully considering the risk factors below, prospective investors also consult their own advisors on any legal, tax and financial issues that are relevant to their specific situation before investing in the Company and its Sub-Funds.

The attention of prospective investors is also drawn to the notice on the cover page of this Offering Memorandum regarding the fact that the Company and its Sub-Fund/s are not subject to the MFSA's approval. The Company operates as an EuVECA targeting Qualifying Investors and is not a retail collective investment schemes.

General Risks of Investing

An investment in the Company and its Sub-Fund/s is subject to all risks incidental to investment in securities and other assets which the Company and its Sub-Fund/s may own. These factors include without limitation, changes in government rules and fiscal and monetary policies, changes in laws and political and economic conditions throughout the world and changes in general market conditions. There can be no guarantee that any profits will be realised by the Company or a Sub-Fund and, therefore, by the Shareholders.

Risk of a Notified AIFs

The entry of a Notified AIF on the List of Notified AIFs is not an endorsement, guarantee or statement of approval by the MFSA or competent Authority, nor is the MFSA responsible for the contents of this document or the selection or adequacy of its governing body or service providers.

Risks of Multi-Fund Structure

The Company can establish an unlimited number of separate Sub-Fund/s each represented by one or groups of classes of Investor Shares. In terms of regulations issued under the Companies Act, a Shareholder's interest will be limited to the assets and liabilities represented by the Sub-Fund in which the Shareholder invests. Investors should, however, be aware that in the event a claim is made against the Company, if the assets attributable to a Sub-Fund in respect of which the claim is made are insufficient to cover such claim, then the creditor may if, a non-Maltese court refuse to recognise the statutory segregation of the Sub-Fund/s under Maltese law, nonetheless be allowed by such non-Maltese court to have recourse to the assets attributable to other Sub-Fund/s.

As at the date of the Offering Memorandum, the Directors are not aware of any such existing or contingent liabilities. Furthermore it is the standard requirement of the Company that any persons dealing with the Company expressly acknowledge the fact that they have no recourse against the Company and the Sub-Fund/s except to the extent of the assets of the Sub-Fund in relation to which they have had dealings.

As at the date of the Offering Memorandum, the Directors are not aware of any instances where the treatment of segregated assets under Maltese law, as described above, has been successfully challenged, against the Company and any Sub-Funds, in Malta or in any jurisdiction where the Investor Shares have been distributed.

Lack of Operating History

The Company is a newly formed entity and as such does not have any established track record which could be utilised as a basis for evaluating the potential performance of its Sub-Fund/s.

Limited Transferability

Since the Directors may decline to register a transfer of Investor Shares at their sole and absolute discretion, Shareholders may not be able to sell their investments and therefore, would have to utilise the Company's redemption or repurchase programme, which itself may be subject to restrictions – see **“Section 11 | Redemption of Investor Shares”**.

Illiquidity of Shares

No redemption is permitted during the first 5 years following the date of the initial respective investment.

Furthermore, there will be no secondary market for the Investor Shares, and consequently, Shareholders will likely only be able to dispose of the Investor Shares by redeeming their Shares. There is no assurance that, in order to meet redemptions, a Sub-Fund will be able to liquidate its portfolio without losses. These losses might have an adverse effect on the NAV of the relevant Sub-Fund and thus on the Redemption Proceeds that will be received by the redeeming investor. In the event of unsettled market conditions, or if for any reason Sub-Fund is unable to liquidate its investments or is otherwise obliged to suspend dealings in its Investor Shares, the Company may be unable to redeem Investor Shares.

Kindly also refer to **“Section 11 | Redemption of Investor Shares”** which provides detailed provisions on deferral of redemption arrangements, redemptions in specie, temporary suspension in redemptions and on suspension of redemptions requests.

These arrangements have a direct effect on the liquidity of the Investor Shares.

Substantial Redemptions

Substantial redemptions of Investor Shares could require a Sub-Fund to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of the Investor Shares. Substantial redemptions might also cause the liquidation of the Company and/or a Sub-Fund.

Illiquidity in certain markets could also make it difficult for a Sub-Fund of the Company to liquidate positions on favourable terms, thereby resulting in a decrease in the value of the assets. In these circumstances, the non-redeeming Shareholders will bear a disproportionate risk of any decline in the value, liquidity and quality of a Sub-Fund's assets subsequent to the redemptions.

In any of the circumstances described above, the Company may defer, suspend or limit the redemption of Investor Shares in such Sub-Fund – see **“Section 11 | Redemption of Investor Shares”**.

Compulsory Redemptions

The Company reserves the right to require a Shareholder to redeem partial or its total shareholding, within one (1) Business Day of a notice of intent to do so in the event that the holding of Shares by the Shareholder concerned may result in regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Company or the Shareholders as a whole, if such Shareholder ceases to qualify as a Qualifying Investor or, if on any Valuation Day, the total value of the Investor Shares held by the Shareholder is less than the Minimum Holding for the Company or a Sub-Fund. Such compulsory redemptions will take place at the prevailing Redemption Price on the day that such redemption takes place. Should the Company exercise this right, it will not be liable for any loss that an investor may suffer as a result of such compulsory redemption. The Company reserves the right not to give any reason for such an action.

Indemnities

The Company's Directors and Officers, the Investment Manager, the Administrator and other Service Providers to the Company and each of their directors, officers, employees and agents are entitled to be indemnified in certain circumstances. As a result, there is a risk that the Company's assets will be used to indemnify such persons, companies or their employees or satisfy their liabilities as a result of their activities in relation to the Company or a Sub-Fund.

See “**Section 16 | Indemnities**” for further details on the indemnities granted by the Company.

Interest Rate Changes

Interest rate risk includes, but is not limited to:

- (a) the risk that debt obligations will decline in value because of changes in interest rates. Generally, debt securities will decrease in value when interest rates rise and increase in value when interest rates decline. The value of a Sub-Fund's investments may fluctuate with the level of prevailing interest rates from time to time.
- (b) the risk that the cost of any borrowing by the Company, or by a Sub-Fund, on which interest is payable at a variable rate will increase if the relevant rate of interest moves higher. Conversely, assets which earn interest at a variable rate will suffer a decline in income if the relevant rate of interest declines.

Confidential Information

The Investment Manager may, in connection with its other business activities, acquire material non-public confidential information that may restrict the Investment Manager from purchasing assets or selling assets for itself or its clients (including the Company) or otherwise using such information for the benefit of its clients or itself.

Credit Risk

Some of the assets held by a Sub-Fund may derive an important part of their value from the credit quality of an issuer or an underlying entity. In the eventuality of a credit event related to that issuer or related entity, such as a bankruptcy, obligation acceleration, obligation default, failure to pay, repudiation, moratorium or restructuring, or in the eventuality of a general deterioration of credit conditions, the Sub-Fund/s could be subject to important losses on credit related positions.

In addition, with regards to the credit risk of the Company towards the potential investors or Shareholders, monies subscribed in advance of a Subscription Day and held pending investment on the Subscription Day, or proceeds of redemptions held pending payment to investors, may be viewed by the courts as assets of the Company in the event of the insolvency of the Company prior to that relevant Dealing Day.

Sufficient Own Funds

The Investment Manager of an EuVECA/s must, at all times, have sufficient own funds and must use adequate and appropriate human and technical resources as necessary for the proper management of the EuVECA/s that they manage.

They must also ensure at all times that they are able to justify the sufficiency of their own funds to maintain operational continuity and disclose their reasoning as to why those funds are sufficient.

Dependence on Key Individuals

The Company's success depends to a significant extent, upon the role of the Investment Manager and/ or the Sub-Investment Manager in the management of the assets of the Company and its Sub-Funds. To the extent that such activities relate to the operations of the Company, the Company may be adversely affected if any of those officers of the Investment Manager responsible for these activities cease to participate in the operation of the Investment Manager.

The loss of such a key individual's services (e.g. through death, disability, retirement or leaving the employment of the Investment Manager and/ or the Sub-Investment Manager) could cause the Company to suffer losses.

Borrowing Risks

A Sub-Fund may not be able to repay borrowings or may be forced to sell investments at a disadvantageous time in order to repay borrowings, if any.

Strategy

In any Sub-Fund, strategy related losses can result from excessive concentration in the same investment policy or in the general economic events that adversely affect particular strategies. Furthermore, policies employed may evolve over time, and perhaps change materially, in ways that would be difficult (if not impossible) for the Investment Manager to detect or follow. There can be no assurance that any trading method employed by the Investment Manager will produce profitable results. Moreover, past performance is not necessarily indicative of future profitability.

Liquidity of Investments

At various times, the markets for securities in which a Sub-Fund may invest in may be "thin" or illiquid, making purchases or sales of securities at desired prices or in desired quantities difficult or impossible. The liquidity of the market may also be affected by a halt in trading on a particular futures or securities exchange or exchanges. Illiquid markets may make it difficult for a Sub-Fund to get an order executed at a desired price. All of the above could result in delays in the calculation of the NAV and/or payment of any Redemption Proceeds. Under certain circumstances, the Sub-Fund may be unable to liquidate portfolio investments due to the absence of a liquid market, and consequently, may not be able to redeem Investor Shares.

Investment in unregulated collective investment schemes

One or more Sub-Fund/s of the Company may invest in unregulated collective investment schemes. It should be noted that unregulated collective investment schemes do not afford the same level of protection towards investors generally afforded by regulated collective investment schemes.

Use of Bankers

Sub-Fund's cash may be deposited with a banking institution/s selected by the Investment Manager or the Company, as disclosed in the relevant Offering Supplement/s. In spite of upcoming more stringent rules on banks' capital reserves and possible restrictions on proprietary trading, the failure of a bank is always possible, especially in the context of systemic risk trigger events. In the event of failure of a bank, a Sub-Fund risks losing all or a portion of cash held with that institution. Further, as an institutional investor, the Company or its Sub-Funds would not normally benefit from depositor compensation schemes.

Fee Structure

The Company will bear the fee paid to the Investment Manager and other service providers. Carried Interest Fees may also be payable by the Sub-Funds as may be specified in the relative Offering Supplement.

Exchange Rate Fluctuations

The Company's accounts will be denominated in Euro however the classes of Investors Shares constituting a Sub-Fund and the investments made directly or indirectly by a Sub-Fund may be denominated in any currency as may be specified in the relevant Offering Supplement. Shareholders bear all risks of exchange rate fluctuations between their base currency and the Base Currency of the Investor Shares held by them.

Conflicts of Interest

Conflicts may arise between:

- the Investment Manager, persons who conduct the business of the Investment Manager, employees of, or any person who directly or indirectly controls or is controlled by, the Investment Managers, and other EuVECAs managed by the Investment Manager, or the investors therein;
- the Company or the investors therein, and another EuVECA managed by the Investment Manager, or the investors therein;
- the Company or the investors therein, and a collective investment or UCITS managed by the Investment Manager, or investors therein.

Furthermore conflicts of interest may arise between the Company and the persons or entities involved in the management of the Company or offering services to it including the Investment Manager, the Administrator and other service providers which may be appointed in respect of a Sub-Fund or counterparties thereof. The Investment Manager, the Sub-Investment Manager, the Investment Advisor, and the Administrator which may be appointed in respect of a Sub-Fund/s (including their respective principals, shareholders, members, directors, officers, agents or delegates and employees) may from time to time act as Investment Manager, Sub-Investment Manager, Investment Advisor, or Administrator in relation to, or otherwise be involved in, other funds established by parties other than the Company, which have similar objectives and which make investments similar to those made on behalf of a Sub-Fund. Such clients could thus compete for the same trades or investments, and whilst available investments or opportunities for each client are generally expected to be allocated in a manner believed to be equitable to each, certain of the allocation procedures may adversely affect the price paid or received for investments or the size of positions obtained or disposed. Similarly, the Investment Manager, the Sub-Investment Manager, the Investment Advisor, the Administrator, and their principals and the Directors may trade for their own accounts in any of the types of assets in which a Sub-Fund invests or intends to invest.

Conflicts may also arise as a result of the other services provided by affiliates of the Investment Manager which may provide advisory, depositary or other services to the Investment Manager. Similarly the Directors may also be directors of service providers to the Company or of companies in which the Company may invest, which could result in conflicts of interest.

The Directors in their personal capacities, or entities in which the Directors may have a management or financial interest, may also from time to time invest in the Sub-Funds and may increase or decrease such holdings without notice.

Generally, there may be conflicts of interest between the interests of the Company and the interests of the Investment Manager, the Sub-Investment Manager, the Investment Advisor, the Administrator and their respective affiliates and the Directors to generate fees, commissions and other revenues. In the event that such a conflict of interest arises, the Directors will endeavour to ensure that it is resolved in the best interest of the Company. It should be noted that the Investment Manager as well as its affiliates, may at any time also be offering their services to one or more of the investors in the Sub-Funds.

Furthermore, the Investment Manager may have equity stakes in the funds (or fund managers) to which they are providing their services, or own or have an interest in one or more assets that are also owned by such funds. Conflicts of interest can therefore not be ruled out.

See “**Section 8 | Conflicts of Interest**” for further details on the conflict of interests applicable to the Company.

Side Pockets

The illiquid or hard to value assets of a Sub-Fund represented by Side Pocket Shares is such that Investors in that Sub-Fund holding Side Pocket Shares will not be able to redeem their Investor Shares. The illiquidity of such assets may negatively affect the performance of the relevant Sub-Fund. Investors should also be aware of the increased difficulty in the valuation of Side Pocket Shares and the restrictions associated with the realization of interest from such Side Pocket Shares.

Kindly also refer to “**Section 12 | Side Pockets**” which provides detailed provisions on Side Pockets.

Significant Investor / Shareholder

It is expected that at any time investors in a Sub-Fund of the Company may include individual investors (“**Significant Investors**”) with significant holdings in the outstanding Investor Shares in a particular Sub-Fund. The presence of a large investor helps to mitigate the burden of the fixed costs of a Sub-Fund, by effectively spreading the impact of such costs over a larger NAV than would otherwise be the case. By the same token, any large redemptions by such an investor will raise the impact of such fixed costs on remaining investors. Large orders to purchase or sell Investor Shares in a Sub-Fund by Significant Investors may, individually or on a combined basis, also result in parallel investment / disinvestment transactions by the Sub-Fund concerned in one or more of its underlying assets. This could in turn possibly impact on the value of such investments thereby affecting the NAV of the Sub-Fund concerned, as well as that of other Sub-Funds investing in the same underlying assets.

THE FOREGOING LIST OF RISK FACTORS DOES NOT PURPORT TO BE A COMPLETE ENUMERATION OR EXPLANATION OF THE RISKS INVOLVED IN AN INVESTMENT IN THE COMPANY OR ITS SUB-FUNDS. PROSPECTIVE INVESTORS SHOULD READ THIS ENTIRE OFFERING MEMORANDUM AS WELL AS ANY RELEVANT OFFERING SUPPLEMENT AND CONSULT THEIR OWN COUNSEL AND ADVISORS BEFORE DECIDING TO INVEST IN THE COMPANY OR ITS SUB-FUNDS.

The Investment Manager is required to establish and implement effective arrangements for complying with the best execution requirements, required under the AIFMD and the EU Regulation. The Investment Manager will therefore take all reasonable steps to achieve the best possible execution result on a consistent basis.

The Investment Management Agreement between the Company and the Investment Manager provides, inter alia, that the agreement may be terminated at any time by either party upon not less than 90 days prior written notice, that the Investment Manager shall not be liable to the Company for any loss arising in connection with the subject matter of the Investment Management Agreement, howsoever any such loss may have occurred unless: (i) such loss arose because of the Investment Manager acting in bad faith and in a manner which is not in the best interests of the Company or the

Sub-Fund; and (ii) the Investment Manager's conduct constituted actual fraud, wilful misconduct, negligence or material breach of its obligation under the Investment Management Agreement.

In terms of the Investment Management Agreement, the Investment Manager may engage Sub-Investment Managers, Investment Distributors or other delegates (the “**Delegates**”) whether in relation to particular Sub-Funds or generally in order to assist it in the fulfilment of its duties. The Delegates will be remunerated by the Investment Manager.

In calculating the Net Asset Value, the Administrator may, pursuant to the Administration Agreement, rely on, without enquiry, and will not be responsible for the accuracy of, financial data, opinion, advice or any information furnished to it by the pricing sources set out in the Investment Manager’s valuation policies and procedures, the Memorandum and Articles and this Offering Memorandum, or in the absence of any such pricing sources, any pricing sources on which the Administrator may choose to rely with the Investment Manager’s prior approval. If the Investment Manager or other delegate appointed by the Company and/or the Investment Manager are responsible for or otherwise involved in the pricing of the Company’s investments in accordance with the Investment Manager’s valuation policies and procedures, the Administrator may accept, use and rely on such prices in determining the Net Asset Value and shall not be liable to the Company in so doing.

The Administrator is not responsible and has not been delegated the role of monitoring the adherence by the Company with any investment objective, investment policy, investment restriction, borrowing restriction, operating guideline or other restrictions established for or imposed upon the Company and disclaims any liability in this regard.

The Administrator is entitled to be indemnified by the Company, in respect of its relevant Sub-Fund/s, against all liabilities, damages, loss, claims and expenses arising out of any claims asserted or threatened against the Administrator (other than those as a direct result of the Administrator’s wilful default, bad faith, fraudulent behaviour or gross negligence in carrying out its duties) in performing its obligations or duties. In all cases, the Administration Agreement may be terminated without notice in the case of material breaches, liquidation of a party, breach of representations and warranties and/or if it ceases to be lawful for the Administrator to continue to provide its services.

The Administrator is not responsible for the preparation or issue of this Offering Memorandum other than with respect to information concerning the Administrator including the above summary details.

The Administration Agreement is regulated by the laws of Malta and is subject to the jurisdiction of the Maltese courts.

The fees payable to the Administrator are set out in “**Section 13 | Fees, Charges and Expenses**” hereunder.

Section 6 | THE DEPOSITARY

Pursuant to a depositary agreement (the “**Depositary Agreement**”) entered into between the Company, the AIFM and **Alter Domus Fund Services (Malta) Limited**, the Company has appointed the latter as depositary of the Company and its Sub-Fund/s and fulfils the obligations and duties provided for by applicable Maltese law.

The duty of the Depositary is to provide safekeeping, oversight and cash monitoring services in respect of the assets of the Company and the Sub-Fund in accordance with AIFMD. In carrying out its duties, the Depositary must act solely in the interest of the investors of the Company.

Under the Depositary Agreement, the Depositary is liable for:

- (a) any loss suffered as a result of the Depositary’s negligence or intentional failure to properly fulfil its obligations under AIFMD; and
- (b) the loss of assets held in custody (i.e. those assets which are required to be held in custody under AIFMD) or in the custody of any sub-custodian unless it can establish that the loss has been incurred as a result of an external event beyond its control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

In relation to any other liability (ie. other than (a) and (b) above), the Depositary’s liability is limited under the Depositary Agreement unless such liability is as a result of gross negligence, wilful default or fraud on the part of the Depositary or to the extent that any such limitation or exclusion would exclude or limit any obligation or liability required under AIFMD.

The Depositary may delegate some of its custodial functions to financial institutions, sub-custodians and nominees (each a “Sub-Custodian”) provided its liability will not be affected by the fact that it has entrusted to a Sub-Custodian some or all of the assets in its safekeeping. In order for the Depositary to discharge its responsibility under the MFSA Rules, the Depositary must exercise all due skill, care and diligence in the selection and appointment, periodic review and ongoing monitoring of Sub-Custodians. Further, the Depositary must establish that (i) there is a written contract between the Depositary and the Sub-Custodian which expressly transfers the liability of the Depositary to that Sub-Custodian and makes it possible for the Company to make a claim against the Sub-Custodian in respect of the loss of financial instruments or for the Depositary to make such claim on their behalf; (ii) there is a written contract between the Depositary and the Company (or the AIFM acting on behalf of the Company) which expressly allows for the discharge of the liability of the Depositary to a Sub-Custodian and establishes the objective reasons to contract such a discharge.

The Depositary’s liability to the Shareholders of the Company may be invoked directly by the Company.

The AIFM will disclose to investors before they invest in the Company or any of its Sub-Funds any arrangement made by the Depositary to contractually discharge itself of liability, where applicable, in the relevant Offering Supplement. In the event that there are any changes to depositary liability, the AIFM will inform shareholders of such changes without delay.

The Depositary Agreement provides that the Depositary shall not re-use, and shall not grant any Sub-Custodian the right to re-use, any assets for its own account or the account of other clients, unless otherwise agreed between the Company and the Depositary.

The Depositary Agreement was made for an unlimited duration and may, unless grounds subsist for immediate termination (e.g. material breaches), be terminated by either party giving a minimum of 3 months’ prior written notice.

The Depositary Agreement is regulated by the laws of Malta and is subject to the jurisdiction of the Maltese courts.

The fees payable to the Depositary are set out in the “**Section 13 | Fees, Charges and Expenses**” hereunder and in the Depositary Agreement.

SECTION 8 | CONFLICTS OF INTEREST

Potential investors should be aware that there may be situations in which each and any of the involved parties as defined in “**Section 3 | Risk Factors**”, the Investment Advisor, and the Administrator (together the “**Interested Parties**”), could encounter a conflict of interest in connection with the Company. Should a conflict of interest actually arise, the Directors and the Investment Manager will endeavour to ensure that it is resolved fairly.

All the Interested Parties are taken into account to avoid possible conflicts which may arise from a party / parties which:

- a) is/are likely to make a financial gain, or avoid a financial loss, at the expense of the Company or its investors;
- b) has an interest in the outcome of a service or an activity provided to the Company or its investors, or to a client or of a transaction carried out on behalf of the Company or a client, which is distinct from the Company’s interest in that outcome;
- c) has a financial or other incentive to favour:
 - i. the interest of a client or group of clients or another AIF or a UCITS over the interest of the Company,
 - ii. the interest of one investor over the interest of another investor or group of investors in the same Company;
- d) carries out the same activities for the Company and for another AIF, UCITS or client; or
- e) receives or will receive an inducement in relation to collective portfolio management activities provided to the Company, from a person other than the Company or its investors in the form of monies, goods or services other than the standard commission or fee for that service.

The Investment Manager will identify any conflict of interest above and will monitor to prevent such conflicts by ensuring that:

1. any conflict of interest is included in its conflict of interest policy in writing;
2. the policy is proportionate to the size and organisation of the Investment Manager and respect Company and the nature, scale and complexity of its business.
3. the policy identifies the circumstances that may give rise to a conflict of interest and includes procedures and measures in order to prevent, manage and monitor such conflicts on an ongoing basis. These measures could include one or more of the following, as appropriate:
 - a. preventing the exchange of information between relevant persons where needed;
 - b. separating the supervision of relevant persons whose interest may conflict;
 - c. removing links in the remuneration of relevant persons engaged in different activities where a conflict may arise;
 - d. measures to prevent a relevant person from exercising inappropriate influence over the management of the EuVECA;
 - f) measures to prevent or control the involvement of a relevant person in different activities where a conflict of interest may arise;
 - g) other alternative measures, where appropriate.
4. Where the measures included in the conflicts of interest policy are not sufficient to ensure in a reasonable manner the prevention of the damage caused by conflicts of interest, the Directors of the Company shall be informed and shall take the necessary action to ensure that the Investment Manager acts in the best interest of the Company or the respective investors.

If, notwithstanding the existence of conflicts of interest that cannot be avoided, the Directors of the Company decide to carry on with the business, the Investment Manager shall disclose the conflicts of interest promptly to the investors prior to undertaking the investment management of the Company in respect of the Sub-Fund. In any case, the Investment Manager shall disclose the general nature or sources of conflicts of interest to investors before undertaking business on their behalf.

The Investment Manager has developed adequate and effective strategies for determining when and how any voting rights held in the Company are to be exercised, to the exclusive benefit of the Company concerned and its investors. These strategies should determine measures and procedures for:

- a. monitoring relevant corporate actions,

- b. ensuring that the exercise of voting rights is in accordance with the investment objectives and policy of the relevant Company and the respective Sub-Fund/s, and
- c. preventing or managing any conflicts of interest arising from the exercise of voting rights.

The Investment Manager, upon request, will provide to the investors with a summary description of the strategies and details of the actions taken on the basis of the strategies referred to in paragraph above.

In addition, the Directors of the Company and the Investment Manager will seek to ensure that all agreements and transactions entered into by the Company are negotiated at arm's length insofar as it is reasonably possible to do so. In particular, potential investors should be aware of the following:

- (a) the Investment Manager of the Company, persons who conduct the business of the Investment Manager, employees of, or any person may directly or indirectly control or is controlled by, the Investment Manager, and the EuVeca managed by the Investment Manager, or the investors therein;
- (b) certain Directors or entities in which they may have a financial or managerial interest, may purchase Investor Shares of the Company and receive a portion of each, or all, of the advisory fees or management fees paid by the Company as attributable to such purchasers' Investor Shares. Thus, to the extent of such purchases, such Directors may have a conflict of interest between their duty to act for the benefit of the Shareholders in limiting expenses of the Company and the Sub-Fund/s and their interest in receiving such fees;
- (c) The Investment Manager may make investments for other clients without making the same available to the Company.

Section 9 | ORGANISATION OF THE COMPANY

The Company was incorporated in Malta on 13th of July 2016 with registration number SV 418.

The Company is a multi-fund limited liability company with variable share capital (“SICAV”) and has made the appropriate election in its Memorandum and Articles to have the assets and liabilities of each Sub-Fund treated as a patrimony separate from each other Sub-Fund/s.

The Company is a Notified AIF under the Investment Services Act (List of Notified AIFs) Regulations and is included in the Notified AIF list of the MFSA. The Company operates as a European Venture Capital Fund.

Capitalisation of the Company

As the Company is organised as a Company with variable share capital, its share capital is equal to the value of the issued share capital of the Company at any time. The Company may issue up to a maximum of one thousand (1,000) Founder Shares and up to five billion (5,000,000,000) fully-paid up Investor Shares in each case without any nominal value assigned to them.

The paid up share capital of the Company shall at all times be equal to the NAV of the Company as determined in accordance with the Memorandum and Articles and this Offering Memorandum.

The Founder Shares

The initial share capital of the Company is EUR1,000 divided into one (1) Founder A Share and nine hundred and ninety nine (999) Founder B Share, both having no nominal value, which shares constitute a separate class of shares of the Company but do not constitute a separate sub-fund.

The holders of the Founder A Shares retain all the voting rights of the Company including the right to appoint all the Directors of the Company. Accordingly, the holders of the Founder A Shares are also entitled to amend the Memorandum and Articles. The Memorandum and Articles empower the Directors to create different classes of shares from time to time.

Except to the extent that they have the right to a return of paid up capital on winding-up, both Founder A Shares and Founder B Shares do not participate in the assets of the Company. The holder of each Founder A Share is entitled to one vote per share on all matters which may arise for consideration by the holders of the issued and outstanding Founder Shares of the Company.

The Founder B Shares have the exclusive right to receive Carried Interest as defined in the Offering Documents.

Each Investor Share and each Founder Share, when issued will be fully paid and non-assessable.

The Investor Shares

In terms of this Offering Memorandum and the Offering Supplement in respect of each Sub-Fund the Company is offering non-voting Investor Shares with no nominal value. The Company may issue non-voting Investor Shares as may be specified in the Offering Supplement relating to a Sub-Fund.

The Company may, in due course, issue additional classes of Investor Shares, constituting other Sub-Funds, which may be designated in other currencies, and the assets of which may be managed utilising different methodologies or investing in different markets. Such other class(es) of Investor Shares will be offered by means of other offering memoranda in the form of an Offering Supplement for the specific Sub-Fund. When making an Initial Offering of Investor Shares in a newly established Sub-Fund the Directors shall establish the number of Investor Shares on offer, the rights if any attached to such shares, and the Initial Offering Price for such Investor Shares at the time of offer and this shall be stated in the Offering Supplement for the specific Sub-Fund.

The Company may, in due course, also issue additional classes of Investor Shares forming part of existing Sub-Funds of the Company.

All Investor Shares of a Sub-Fund participate equally in the net assets of that Sub-Fund as are represented by the appropriate class(es) of Investor Shares on liquidation and in any dividends and other distributions attributable to that Sub-Fund as may be declared.

Other than as stated above, no shares in the Company have preferential, pre-emptive, conversion or exchange rights and there are no outstanding options or any special rights relating to Investor Shares or Founder Shares.

Duration of the Company

The duration of the Company is indefinite but Sub-Fund/s may be issued for a fixed duration, after which, unless alternative arrangements are applicable as may be described in the related Offering Supplement, they shall be wound up and all assets distributed to the holders of Investor Shares. Generally however, a Sub-Fund will have a continuous Offering Period that shall remain open until the Directors determine otherwise. In relation to any particular Sub-Fund, see the related Offering Supplement for details.

Holders of the Founder Shares

One (1) Founder A Share has been issued as fully paid to Abalone Asset Management Limited (holding company registration number: C 71261) and nine hundred and ninety (999) Founder B Shares have been issued as fully paid to Ventura Services Limited (holding company registration number: 114584). The holders of Founder A Share holds all the voting rights with respect to the affairs of the Company. The holders of Founder B Shares hold no voting rights.

Alterations to the Company's Share Capital

The Company may increase or reduce its authorised share capital being the maximum number of Shares that may be in issue (see "Capitalisation of the Company" above) by an extraordinary resolution of the holders of the Founder Shares (i.e. a resolution notice of which has been given prior to the meeting, and which is approved by in excess of 50% of the holders of the Founder Shares who are entitled to vote thereon at the meeting).

Amendment to Memorandum and Articles of Association

The Memorandum and Articles may only be altered or amended by the passing of an extraordinary resolution of the holders of the Founder Shares to such effect. In terms of the Memorandum and Articles, any such resolution amending the Memorandum and Articles is to be, prior to adoption, notified to the Board of Directors. Amendments to the Memorandum and Articles that affect existing Shareholder class rights will also need to be approved as set out below.

Variation of Class Rights

If at any time the share capital is divided into classes of shares, the rights attached to any than existing class (unless otherwise provided by the terms of issue of the shares of that class) may, whether or not the Company is being wound up, be varied with the consent in writing of the holders of not less than three-fourths ($\frac{3}{4}$) of the issued shares of that class and of any other class of shares which may be affected by such variation or by a special resolution (i.e. a resolution passed by a three-fourths ($\frac{3}{4}$) majority of those persons present and entitled to vote in favour of the resolution) passed at a separate class meeting of the holders of the shares of such class or by unanimous written resolution of such separate class. In terms of the Memorandum and Articles, it shall not be deemed to be a variation of the rights attaching to any particular class of shares for the Company to, amongst others, (i) create, allot or issue further Investor or Founder Shares ranking *pari passu* with, in priority to or subsequent to the existing Investor or Founder Shares respectively, (ii) amend or vary the investment objective of one or more Sub-Funds, (iii) liquidate the Company or any Sub-Fund and distribute its assets to Shareholders in accordance with their rights, (iv) vest the assets in, or in trustees for, the Shareholders in specie or (v) purchase or redeem its Investor Shares.

Further Issues of Investor Shares

The Company may, by resolution of the Board, at any time decide to offer further non-voting Investor Shares up to a maximum amount of 5,000,000,000 shares in issue at any time and, without prejudice to any special rights previously conferred on the holders of existing Investor Shares, to allot, issue, grant options over or otherwise dispose of the Investor Shares or any other classes of Investor Shares (including fractions of Investor Shares) with or without preferred, deferred or other special rights or restrictions, whether with regard to dividend or otherwise and to such persons, at such times and on such other terms as the Board shall think proper, but not in a manner to reduce the financial rights of Shareholders without their consent.

Repurchase of Investor Shares

Under the Companies Act, the Company is permitted to repurchase or redeem its Investor Shares without restriction. Repurchased or redeemed Investor Shares shall be treated as cancelled and deemed never to have been issued for the purpose of calculation of the maximum number of Investor Shares which may be issued, and shall be available for reissue by the Company at any time in the future. Redemptions of Investor Shares will be made at the Redemption Price.

Closure of a Sub-Fund

Apart from cases where the assets of a Sub-Fund are not sufficient to meet the liabilities in respect of such Sub-Fund, in which case the rules on insolvency will apply to the Sub-Fund in question, Sub-Funds may be closed from time to time.

In such case, the MFSA will be notified to remove the Sub-Fund from the List of Notified AIFs, whereby the MFSA will proceed to strike off the Sub-Fund from the List of Notified AIFs and thereafter the Sub-Fund will cease trading other than for the purpose of winding down the operations. The Sub-Fund will be closed in accordance with the provisions of the constitutional documents and the Offering Documents.

In cases where there are no outstanding Investor Shares in a Sub-Fund, as a result of redemptions or exchanges of Investor Shares with Investor Shares in another Sub-Fund, the Directors may resolve to close the Sub-Fund in question. Without prejudice to what is stated in the part entitled “**Total Redemption**” under “**Section 11 | Redemption of Investor Shares**”, where there are outstanding Investor Shares in a Sub-Fund then the consent in writing of three-fourths ($\frac{3}{4}$) of the Shareholders in that Sub-Fund will be required in terms of the Memorandum and Articles.

Liquidation

The Company, and the Sub-Funds except where otherwise provided in the related Offering Supplement, have been incorporated for an indefinite period and unless closed or liquidated as described hereunder will exist in perpetuity.

Of a Sub-Fund

Apart from the rules applicable to the closure of a Sub-Fund which are outlined in the Memorandum and Articles and in this Offering Memorandum (see “**Closure of a Sub-Fund**” above), and any conditions stated in the related Offering Supplement, a Sub-Fund may be wound up and dissolved either voluntarily or under supervision or by the Court. Upon the winding up or dissolution (whether the liquidation is voluntary or under supervision or by the Court) of any Sub-Fund, the assets of such Sub-Fund available for distribution (after satisfaction of creditors’ claims) amongst the Shareholders of such Sub-Fund shall be distributed to the Shareholders of such Sub-Fund pro rata to their respective shareholding. Amounts which have not been claimed by Shareholders at the close of the liquidation of any Sub-Fund will be deposited in an account in the Shareholder’s name with a trustee selected by the liquidator. Any such amount not claimed within a period of seven (7) years will be donated to a Maltese enrolled voluntary organisation selected at the discretion of the trustee.

Of the Company

Subject to all Sub-Funds in the Company being closed, the Company may be dissolved and wound up either voluntarily or under supervision or by a competent Court. The Company may be placed in

voluntary liquidation at any time by a resolution adopted by the holders of the Founder Shares in the same manner as that required for amending the Memorandum and Articles. Any voluntary liquidation of the Company shall be carried out pursuant to applicable Maltese laws and the Memorandum and Articles. Amounts which have not been claimed by Shareholders at the close of the liquidation will be deposited in an account in the Shareholder's name with a trustee selected by the liquidator. Any such amount not claimed within a period of seven (7) years will be donated to a Maltese enrolled voluntary organisation selected at the discretion of the trustee. Any proceedings in relation to the Company shall respect the legal status of each Sub-Fund as a patrimony separate from the assets and liabilities of each other Sub-Fund and the Company and proceedings under the Companies Act shall apply mutatis mutandis to each Sub-Fund as though it were a distinct legal entity and with such modifications as are necessary to accommodate the fact that a Sub-Fund is not a company. Any proceedings in relation to any one Sub-Fund shall not have any effect on the assets of any other Sub-Fund or of the Company itself. The term 'proceedings' as used herein refers to any proceedings whatsoever including in terms of Title II of Part V and of Part VI of the Companies Act.

Applicable Law, Jurisdiction and Recognition of Judgements

As shareholders in a Maltese company, Shareholders' rights (as described in this Section) are subject to Maltese law (in particular the ISAct and the Companies Act) and jurisdiction.

Without prejudice to the above choice of jurisdiction, judgements awarded by a competent court outside Malta would be recognised as a valid judgement and enforceable in the courts of Malta without re-examination of the merits of any matters treated in that judgment, subject to the following:

- (a) in the case of judgments falling within the scope of the EC Regulation 44/2001 on Jurisdiction and the Recognition and Enforcement of Judgements in Civil and Commercial Matters (the "**European Judgements Regulation**"), the recognition and enforcement would be subject to the provisions contained in the European Judgements Regulation;¹
- (b) in the case of judgments falling within the scope of the Convention on Jurisdiction and the Recognition and Enforcement of Judgments in Civil and Commercial Matters signed in Lugano on the 30 October 2007 between the European Community, the Kingdom of Denmark, the Republic of Iceland, the Kingdom of Norway and the Swiss Federation (the "**Lugano Convention**"), the recognition and enforcement of judgments delivered in Member states of the Lugano Convention, other than judgements which fall within the European Judgements Regulation, would be subject to the provisions contained in the Lugano Convention; and
- (c) in the case of judgements neither falling within the scope of the European Judgments Regulation nor the Lugano Convention, the recognition and enforcement would be subject to the applicable law of Malta imposing judgment registration or confirmation in Malta, provided that the judgement: (i) does not contain dispositions contrary to public policy and (ii) cannot be set aside on any of the grounds for re-trial as contemplated in the law of Malta on civil procedure.

¹ Malta also has a reciprocal enforcement agreement with the United Kingdom but this operates in relation to money judgements only. Judgements are registered, by application, with the Court of Appeal in accordance with and subject to the terms of the British Judgements (Reciprocal Enforcement) Act (Cap. 52, Laws of Malta).

- a confirmation that the value of the consideration is at least equal to the net asset value of the shares to be issued in return for such consideration.

The Company shall only issue Investor Shares in the relevant Sub-Fund once the assets referred to in the valuer's report have been transferred in favour of the Company to the satisfaction of the Directors and the Depositary.

All valuer reports issued by the appointed valuer shall be kept in Malta at the registered office of the Company.

Exchange of Shares

Unless otherwise stated in the Offering Supplement relating to a Sub-Fund a holder of Investor Shares may exchange all or part of his Investor Shares (the "**Original Shares**") into Investor Shares in another Sub-Fund or in a different class of the same Sub-Fund (the "**New Shares**"). The Sub-Funds of the Original Shares and of the New Shares must have coinciding Dealing Days.

An irrevocable request to exchange Investor Shares shall be construed as being a request for the repurchase of the stated number of Original Shares (save that the repurchase monies shall not be released to the investor, but shall be deemed to be paid to the Company for the purpose of acquiring the New Shares) and a simultaneous request for the proceeds from such repurchase to be applied in the purchase of New Shares as may be indicated. The exchange of Shares shall take place on the same Dealing Day at the relevant Redemption Price and Offering Price.

Absent any other arrangements between the holder of the Original Shares and the Company, if for any reason whatsoever the repurchase of the Original Shares and the purchase of the New Shares cannot both be completed on the same Dealing Day, then the request to exchange Shares shall be processed on the next Dealing Day when such repurchase and purchase can both be completed.

The number of New Shares to be issued on exchange shall be determined by the Administrator in accordance (or as nearly as may be in accordance) with the following formula: -

$$NS = \frac{[(A \times B) - C] \times D}{E}$$

where:-

- NS = the number of New Shares which will be issued;
A = the number of Original Shares to be exchanged;
B = the Redemption Price of such Original Shares on the relevant Dealing Day;
C = any applicable transaction costs (including any relevant fees set out in the Offering Supplement);
D = if applicable, the rate of exchange determined by the Administrator for converting the Base Currency of the Original Shares into the Base Currency of the New Shares; and
E = the Offering Price of the New Shares on the relevant Dealing Day (including any commissions payable).

Transfer of Shares

General

The Investor Shares of the Company can only be transferred to, and at all times held by, persons being Eligible Investors. In order to acquire or hold Investor Shares in the Company, all Eligible Investors must satisfy the conditions set out in this Offering Memorandum.

A Shareholder desiring to transfer his Investor Shares must make available to the Company the certificate(s), if issued, representing the Investor Shares that such Shareholder desires to transfer, together with a written instrument of transfer executed by or on behalf of the proposed transferor setting forth:

- i. the names and addresses of the proposed transferor and transferee;
- ii. the number of Investor Shares to be transferred; and
- iii. such other information as the Company may require, including information necessary to satisfy the Company that the proposed transfer complies with applicable laws and appropriate identification documentation is provided as required by the Company or the Administrator on its behalf to comply with applicable anti-money laundering regimes.

The proposed transferee must, in the above-mentioned instrument of transfer, agree to take such Investor Shares subject to the same conditions and restrictions pursuant to which the Investor Shares were held by the transferor.

The Memorandum and Articles provide that the Directors may, in their absolute discretion, decline to give effect to the proposed transfer of any Investor Share and may withhold approval for any reason.

Furthermore, the Directors may decline to register any transfer of Investor Shares:

- i. unless the instrument of transfer is deposited to the Company at the office of the Administrator or such place as the Directors may reasonably require and such other evidence as the Directors may reasonably require to prove the right of the transferor to make the transfer;
- ii. if the Company has any lien on the Investor Shares being transferred; or
- iii. if the registration of transfers has been suspended by the Directors in accordance with the Memorandum and Articles.

If the Directors decline to register a transfer, they shall send notice to the transferee of such refusal within two (2) months. If after two (2) months of receipt by the Company of an acceptable instrument of transfer the Directors do not deny permission for the transfer, the Company shall be deemed to have approved the transfer, and shall be obliged to register the transfer without delay.

Eligible Investors

The investor must meet all suitability requirements described herein and in the Subscription Agreement. The Company will not knowingly offer or sell Investor Shares to any investor to whom such offer or sale would be unlawful.

The Directors shall not be bound to register more than four (4) persons as joint holders of any Investor Shares and Shares may not be transferred to persons under the age of eighteen (18).

Each investor must represent and warrant to the Company that, amongst other things, he is a Qualifying Investor and is able to acquire Investor Shares without violating applicable laws. The investor must also complete and provide the Company with a completed Qualifying Investor Declaration Form.

Minimum Holding Requirements for Registration of Transfers

Should it appear to the Administrator that the effect of a transfer will result, after the transfer, in the transferor or the transferee holding in aggregate less than the Minimum Holding required in this Offering Memorandum, the Administrator shall immediately inform the applicant that the request for registration of a transfer has been suspended until the request is amended to result in observance of the Minimum Holding of Investor Shares after the transfer of Investor Shares by the transferor and transferee.

Section 11 | REDEMPTION OF INVESTOR SHARES

Procedure

Subject to the restrictions appearing in this Offering Memorandum, the Memorandum and Articles, or, in relation to a particular Sub-Fund, the related Offering Supplement, a Shareholder may cause any or all of his Investor Shares to be redeemed by the Company on a Redemption Day at the Redemption Price.

Redemptions of Investor Shares may be made on any Redemption Day, at the Redemption Price, if a valid Redemption Notice is received by the Company at the office of the Administrator with such prior notice as may be stated in the related Offering Supplement. Redemption requests received after such time and date will not be processed on the next Redemption Day but on the first one thereafter.

Subject to any conditions which may be stated in a Redemption Notice, Redemption Proceeds due will be paid out as soon as practicable after final calculation of the NAV per Share, and after receipt of the proceeds of the sale of any investments sold to fund the redemption.

Except as discussed above and below, all requests for redemption in the proper form will be honoured and the Sub-Fund's investments will be liquidated to the extent necessary (if any) to discharge its liability on the date of redemption.

Redemption Notices sent by the Shareholder to the Company at the office of the Administrator will be deemed not to have been received by the Company at the office of the Administrator unless receipt is acknowledged in writing by the Administrator. Exceptions are made where the delivery of the communication has been acknowledged by a signed receipt.

Redemption Price

Unless stated otherwise in the Offering Supplement of a particular Sub-Fund, the Redemption Price per share on the relevant Redemption Day is the NAV per Share calculated to four (4) decimal places as at the close of business on the relevant Valuation Day.

Redemption in Specie

Apart from the circumstances described under “**Total Redemptions**” below, the Memorandum and Articles provide that the Directors may determine that the payment of the Redemption Proceeds to any Shareholder may, subject to the conditions specified hereunder being satisfied, be made wholly or partially *in specie*. This will be done by transferring to the Shareholder, from the portfolio of assets allocated to the class or classes of Investor Shares being redeemed, assets with a value equal – as of the Valuation Day on which the Redemption Price is calculated – to the whole, or (where applicable) the appropriate portion, of the Redemption Proceeds.

With regard to the conditions referred to above, the Directors shall request the Investment Manager to ensure that the Company shall only carry out such redemption *in specie*:

- i. where the Shareholder has consented in writing to such redemption *in specie*; and
- ii. equal treatment is afforded to all Shareholders, of the same class of Investor Shares, being offered a redemption *in specie* on the same Redemption Day; and
- iii. the nature and type of assets to be transferred are determined on a fair and reasonable basis and without prejudicing the interests of the other holders of Investor Shares of the relevant class or classes of shares.

Any costs resulting from such redemption in specie shall be borne by the relevant Sub-Fund.

Deferral of Redemptions

The Directors may in their exclusive discretion, set out in the Offering Supplement relating to a Sub-Fund, a limit on total amount of redemptions that may be affected on any Redemption Day. The limit will generally be a percentage of the Investor Shares in a given Sub-Fund in issue on that day (in each case before giving effect to sales of Investor Shares or requests for redemption for such Redemption Day) as set out in the Offering Supplement relating to that Sub-Fund. In such circumstances the Company or its authorised agent may scale down pro rata the number of Investor Shares to be redeemed in response to each request for redemption to the extent necessary to ensure that the said limit is not exceeded. The balance for redemption shall be carried forward as at the next Redemption Day and so on to each succeeding Redemption Day until each request has been complied with in full. Requests for redemption carried forward from an earlier Redemption Day shall have priority over later requests.

Temporary Suspension in Redemptions

The Company may suspend the calculation of the NAV of the Sub-Fund and the right of any Shareholder to require redemption of any Investor Share and the issue of Investor Shares during; (a) any period when any stock exchange on which a significant proportion of the investments of the Sub-Fund is quoted is closed otherwise than for ordinary holidays or during which dealings thereon are restricted or suspended; (b) any period when disposals of investments by the Sub-Fund cannot be effected normally or without seriously prejudicing the interests of Shareholders; (c) any period when there is a breakdown in the means of communication normally employed in determining the price or value of any of the investments or the current price or values on any stock exchange; or (d) any period when the Sub-Fund is unable to repatriate funds for the purpose of making payments on the redemption of Investor Shares or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on redemption of Investor Shares cannot, in the opinion of the Directors, be effected at normal rates of exchange. Notice of any such suspension will be given to all Shareholders in the relevant Sub-Fund, including any Shareholder tendering his Investor Shares for redemption. Shareholders will be promptly notified upon the termination of such suspension.

Compulsory Redemption

The Company reserves the right to require a Shareholder to redeem its total shareholding, within one (1) Business Day of a notice of intent to do so, at the prevailing Redemption Price on the day that the requested redemption takes place, in the event that the holding of Investor Shares by the Shareholder concerned may result in regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Company or the Shareholders as a whole, if the Shareholder ceases to qualify as a Qualifying Investor. Such compulsory redemptions will take place at the prevailing Redemption Price on the day that such redemption takes place.

Suspension of Redemption Requests

Should it appear to the Administrator that the effect of a Redemption Notice will result, after the redemption, in the Shareholder holding in aggregate less than the minimum required in this Offering Memorandum or (where applicable) in the related Offering Supplement, the Administrator shall immediately inform the applicant that the request for redemption has been suspended until the Redemption Notice is amended either to result in observance of the Minimum Holding of Investor Shares, after redemption, or to request the redemption of all of the outstanding Investor Shares in the name of the Shareholder.

Total Redemption

If at any time the continuation of the Sub-Fund is no longer viable or desirable owing to:

- i. the termination of the engagement of the Investment Manager; or
- ii. the Investment Manager recommending the closure of the Sub-Fund on the basis that the outlook and the potential of the investment strategy or strategies available for the management of the assets of the Sub-Fund may in the light of certain developments, no longer be attractive or viable; or
- iii. other factors that may prejudice the successful pursuit of such strategies or the adequate fulfilment of the investment objective of the Sub-Fund.

The Company may, by not less than four (4), nor more than six (6) weeks' notice (expiring on a Dealing Day) to all interested Shareholders, redeem all the relevant Investor Shares not previously redeemed. Subject to the conditions set out above and in the Memorandum and Articles as well as any set out in the relevant Offering Supplement, the holders of the relevant Investor Shares may be required to receive redemptions *in specie*.

Section 12 | SIDE POCKETS

Notwithstanding anything to the contrary herein, the Directors may, upon the happening of an Illiquidity Event, reconstitute such number of Investor Shares in the relevant Sub-Fund into Side Pocket Shares, in proportion to the value of the assets of the Sub-Fund which have become illiquid or otherwise difficult to value. The Directors may, at their sole and absolute discretion, reconstitute such number of Investor Shares into Side Pocket Shares as may be necessary depending on the extent of the illiquidity of the assets of the relevant Sub-Fund. Therefore, the Directors are not subject to any limit on the percentage value of assets of the relevant Sub-Fund that may be allocated to a Side Pocket.

Upon the crystallization of an Illiquidity Event, all existing Shareholders in the relevant Sub-Fund will have such number of Investor Shares held by them converted into Side Pocket Shares, pro rata to their shareholding in the relevant Sub-Fund. The Company, in respect of the relevant Sub-Fund, will not issue Side Pocket Shares to investors subscribing for Investor Shares in the relevant Sub-Fund after the happening of an Illiquidity Event, unless a new Illiquidity Event materializes subsequent to their subscription to Investor Shares in the relevant Sub-Fund.

The value of assets allocated to a Side Pocket shall be determined in accordance with the provisions in this Offering Memorandum relating to the determination of the Net Asset Value.

Side Pocket Shares shall not be redeemable until the illiquid assets which they represent become liquid or capable of valuation. Once an illiquid asset constituting the Side Pocket becomes liquid or capable of valuation, the Directors may:

- (i) compulsorily redeem such portion of the Side Pocket Shares representing the previously illiquid asset in accordance with the procedures set out in this Offering Memorandum on compulsory redemptions; or
- (ii) reconstitute such portion of the Side Pocket Shares representing the illiquid asset into Investor Shares in the Sub-Fund, and transferring to the liquid pool of assets of the relevant Sub-Fund the asset which was previously illiquid or hard to value.

Provided that, a compulsory redemption or reconstitution of Side Pocket Shares into Investor Shares in the relevant Sub-Fund in terms of the above, shall be undertaken pro rata amongst all the holders of Side Pocket Shares in the relevant Sub-Fund.

Where a Sub-Fund has Side Pocket Shares in issue, any Investment Management Fees due by the Company in respect of that Sub-Fund to the Investment Manager, shall be calculated on the basis of the lower of costs and fair value of the assets allocated to the Side Pocket.

Where the introduction of such alterations will effectively result in higher costs to investors and/or the Sub-Fund, they shall only come into force only after a period of at least thirty (30) Business Days from the date of such notice. In all other cases the changes may be brought into effect immediately.

The investment manager has in place procedure to ensure ongoing monitoring of total asset managed and ongoing adjustments to the amount of coverage of professional liability; moreover, it undertakes to review the adequacy of coverage of own funds at least once a year and according to Article 9 of AIFMD.

Other Fees and Expenses

Subscription and Redemption Fees

The Directors reserve the right to charge investors a subscription or redemption fee or charge as may be set out in the Offering Supplement in respect of a Sub-Fund.

Section 14 | AML AND DATA PROTECTION

Anti-Money Laundering (Maltese Law)

The Investment Manager and the Administrator are contractually bound by the Company to observe their obligations under the Prevention of Money Laundering Act (“**PMLA**”), which makes provision for the prevention and prohibition of money laundering in Malta. The PMLA establishes the foundations for the legal framework by introducing basic legal definitions, laying down the procedures for the investigation and prosecution of money laundering offences, and establishing the Financial Intelligence Analysis Unit (“**FIAU**”).

The obligations under the PMLA include the identification of customers, the retention of the relevant identification and transaction documentation and the reporting of transactions suspected of involving money laundering to the FIAU. In this regard, the Administrator has established appropriate internal procedures to fulfil these obligations which it monitors on a regular basis.

The Prevention of Money Laundering and Funding of Terrorism Regulations (the “**PML Regulations**”), issued in terms of the PMLA, serve to flesh out the systems and procedures to be adopted by subject persons in the course of their business activities. They also provide high level requirements for identification and customer due diligence, internal record keeping, reporting of suspicious transactions, internal and external reporting and employee instruction and training. The PML Regulations require that the identification documents/certificates obtained must be satisfactory and must be verified. The level and type of documentation required to identify a customer and the level of verification required may vary according to the investor’s Anti-Money Laundering (“**AML**”) risk profile. In this regard, the Regulations, in line with international standards, outline the various levels of due diligence required according to the level of risk posed by a particular customer and/or situation. The Regulations incorporate all applicable EU Directives to date.

Anti-Money Laundering (Maltese Requirements)

The specific requirements include, inter alia, the fundamental requirement to conduct suitable investor due diligence, including the requirement to “know-your-client” (and to verify the identity thereof), which extends, for any ‘non-individual’ investor, to the ultimate beneficial owner(s) of the monies invested. This requirement is principally (though not exclusively) satisfied through documentary evidence, as listed in the AML Supplement which forms part of the Subscription Agreement. It should be noted that the Administrator may request further information, in order to satisfy its regulatory obligations.

The Administrator is also obliged to obtain information on the purpose and intended nature of the business relationship, in order to be in a position to establish the business and the AML risk profile of the investor. The Administrator is also obliged at law to carry out ongoing monitoring in the case of an existing business relationship, which includes the scrutiny of transactions undertaken throughout the course of the relationship in order to ensure that the transactions being undertaken are consistent with the Administrator’s knowledge of the investor and of his business and risk profile, including, where necessary, the source of funds as well as ensuring that the documents, data or information held by the Administrator are kept up-to-date.

The usual documents and information required are listed in the AML Supplement. Completion of the Subscription Agreement, serves as confirmation that the Subscriber understands and agrees to furnish the requested documents and other information to the Administrator. Where, following receipt of cleared funds by the Remitting Bank and prior to the issuance of Investor Shares, the Administrator is not satisfied with the AML documentation, the money may be held in the account to which it was remitted and the subscriber will bear all associated risks. The Administrator determines whether, in the light of its AML obligations, it has sufficient documentation in hand to allow the issuing of Investor Shares.

If any documents requested are not received within a reasonable time following submission of the Subscription Agreement, the Administrator will send a request to the Shareholder, informing it that these documents are still due. If, within a reasonable time after this reminder, the Administrator still

has not received the documents requested, further requests will be sent to the Shareholder. For these further requests there will be a charge imposed on the Shareholder of €100, which will be charged directly against the Shareholder's interest in the Company.

It must also be noted that, in the event that a redemption request is received from a Shareholder who in the opinion of the Administrator has failed to submit all the required AML documents, although the redemption will be acted upon, Redemption Proceeds cannot be remitted to the Shareholder until all documents requested have been received or necessary verifications made. The Redemption Proceeds will be held at the Remitting Bank and the Shareholder will bear all associated risks. Further, please note that it is a regulatory requirement to report suspicious transactions to the competent authorities, and any relevant data in this regard may need to be transferred to the relevant regulators.

The Company or the Administrator also reserve the right to refuse to return money remitted to the Company prior the issue of Investor Shares, and to make any redemption payment or distribution to a Shareholder, if any of the Directors of the Company or the Administrator suspects or is advised that the payment of any redemption or distribution moneys to such Shareholder might result in a breach or violation of any applicable AML laws or the laws, regulations, and Executive Orders administered by the U.S. Department of Treasury's Office of Foreign Assets Control ("**OFAC**"), or other laws or regulations by any person in any relevant jurisdiction (collectively, "**AML/OFAC obligations**").

There is also a requirement to know the source of the funds, such requirement normally limited to knowing the bank and account from which the monies were remitted. A further requirement is that such monies invested may and will only be redeemed to the account of remittance, except as otherwise agreed with the Administrator.

Each Subscriber and Shareholder will be required to make such representations to the Company as the Company, the Investment Manager or the Administrator will require in connection with applicable AML/OFAC obligations, including, without limitation, representations to the Company that such Subscriber and Shareholder is not (i) an individual or entity named on any available lists of known or suspected terrorists, terrorist organisations or of other sanctioned persons issued by the United States government and the government(s) of any jurisdiction(s) in which the Company is doing business, including the "List of Specially Designated Nationals" and "Blocked Persons" administered by OFAC as such list may be amended from time to time; (ii) an individual or entity otherwise prohibited by the OFAC sanctions programs; or (iii) a current or former senior foreign political figure² or politically exposed person³, or an immediate family member or close associate of such an individual. Further, such Subscriber or Shareholder must represent to the Company that it is not a prohibited foreign shell bank⁴.

Such Subscriber and Shareholder will also be required to represent to the Company that amounts contributed by it to the Company were not directly or indirectly derived from activities that may contravene U.S. Federal, state or international laws and regulations, including, without limitation, of such subscriber or Shareholder, either by prohibiting additional investments from the subscriber or Shareholder, declining any withdrawal requests from the subscriber or Shareholder, suspending the

² A "senior foreign political figure" is defined as (a) a current or former senior official in the executive, legislative, administrative, military or judicial branches of a non-U.S. government (whether elected or not), a current or former senior official of a major non-U.S. political party, or a current or former senior executive of a non-U.S. government-owned commercial enterprise; (b) a corporation, business, or other entity that has been formed by, or for the benefit of, any such individual; (c) an immediate family member of any such individual; and (d) a person who is widely and publicly known (or is actually known) to be a close associate of such individual. For purposes of this definition, a "senior official" or "senior executive" means an individual with substantial authority over policy, operations, or the use of government-owned resources; and "immediate family member" means a spouse, parents, siblings, children and spouse's parents or siblings.

³ A "politically exposed person" ("PEP") is a term used for individuals who are or have been entrusted with prominent public functions in a foreign country, for example, Heads of State or of government, senior politicians, senior government, judicial or military officials, senior executives of state owned corporations, important political party officials. Business relationships with family members or close associates of PEPs involve reputational risks similar to those with PEPs themselves.

⁴ A "prohibited foreign shell bank" is a foreign bank that does not have a physical presence in any country, and is not a "regulated affiliate," i.e., an affiliate of a depository institution, credit union, or foreign bank that (i) maintains a physical presence in the U.S. or a foreign country, and (ii) is subject to banking supervision in the country regulating the affiliated depository institution, credit union, or foreign bank.

payment of withdrawal proceeds payable to the subscriber or Shareholder, and/or segregating the assets in the account in compliance with governmental regulations. The Company may also be required to report such action and to disclose the Subscriber and Shareholder's identity to OFAC or other applicable governmental and regulatory authorities.

Finally as the aforementioned legislation is subject to change, any additional requirements imposed on the Investment Manager, the Company or the Administrator will be reflected in the requirements requested of the Subscriber or Shareholder.

Data Protection

As part of the subscription process all prospective investors and/or Subscribers are required to submit various documents and information. These are required to enable completion of the subscription process, maintenance of the Shareholders' register and generally to comply with any requests of Subscribers and Shareholders which the Company wishes to entertain and all applicable legislation and regulatory requirements. Shareholders may be similarly required to provide and/or submit documents and information whether in order to process exchange, transfer, redemption or other requests or to comply with relevant legislation. Any information so collected (which may include personal data ("**Personal Data**") as defined in the Data Protection Act (Cap. 440, Laws of Malta) (the "**DPA**")) will be processed by the Company as Data Controller in terms of the DPA and the "*Guidelines for the Promotion of Good Practice: Funds Sector*" issued by the Data Protection Commissioner.

The Company has, pursuant to the Administration Agreement and the Investment Management Agreement also appointed each of the Administrator and the Investment Manager respectively as its data processors for the collection, storage and processing of Personal Data relating to prospective investors, Subscribers and Shareholders. Information (including Personal Data) received from Subscribers and Shareholders will generally be stored by the Administrator in accordance with the DPA and, in the normal course of business, will not be made available to anyone other than the Company, the Administrator, the Investment Manager, and this on a 'need-to-know' basis. It may, however, become necessary to transfer or disclose Personal Data at any time to comply with legislation in force either now or at any time in the future (see above in relation to AML/OFAC obligations for example). Further, should the administrative or investment management functions, in whole or in part, be transferred or delegated to another entity, data will be transferred to the extent necessary for such new entity to carry out its functions effectively. This may include entities in the U.S. that are members of Safe Harbor⁵ and in other countries which are deemed to have equivalent data protection legislation in place, and also to countries that are not deemed to have equivalent data protection legislation in place. Data transfers may additionally be carried out for any reason that the Administrator deems necessary to comply with legislation in force at the time.

Prospective investors, Subscribers, Shareholders and other data subjects that are individuals (a "**Data Subject**") generally have the right to request the Company, as Data Controller, for information as to whether any Personal Data relating to the Data Subject is being processed by the Company. Such requests shall be in writing, signed by the Data Subject in relation to whom the Personal Data relates and addressed to the Administrator who has been authorised by the Company to receive and address such requests. Where in such cases the Company does process Personal Data relating to such individual, the Company shall provide the information required under the DPA and the individual may have the right to rectify, block or erase such Personal Data including where the information is incorrect or no longer relevant.

By subscribing for Investor Shares all Subscribers should note the above, and also note that, by completion of the Subscription Agreement, they are agreeing to the processing of Personal Data as aforesaid as well as any transfer of Personal Data carried out for any of the reasons given above, or for any reason that the Company and/or its data processors deem necessary to comply with legislation in force at the time.

Section 15 | TAXATION

Brief details of the taxation treatment of the Investor Shares in Malta are set out below but it is entirely the responsibility of prospective shareholders to inform themselves as to any taxation or exchange control legislation affecting them personally. The following summary should not be considered legal or professional tax advice.

General

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation applicable to the acquisition, holding and disposal of Investor Shares as well as distributions, if any, made by the Company.

Shareholders of the Company are reminded that tax law and practice and the levels of tax relating to the Company, its Sub-Fund/s and the Shareholders, may change from time to time.

PROSPECTIVE SHAREHOLDERS SHOULD CONSULT THEIR OWN PROFESSIONAL TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF AN INVESTMENT IN THE SHARES OF THE COMPANY TO THEM INDIVIDUALLY.

TAX CONSEQUENCES MAY VARY DEPENDING UPON THE PARTICULAR STATUS OF AN INVESTOR.

THE TAX AND OTHER MATTERS DESCRIBED IN THIS OFFERING MEMORANDUM DO NOT CONSTITUTE, AND SHOULD NOT BE CONSIDERED AS, LEGAL OR TAX ADVICE TO INVESTORS.

Section 16 | INDEMNITIES

The Company has agreed that with respect to any actions in which any of its Directors, Officers, employees and agents is a party, the Company shall indemnify and hold harmless such person against any loss, claim, damage, charge, liability or expense (including reasonable attorneys' and accountants' fees), judgements and amounts paid in settlement, provided such actions did not involve negligence, wilful default or fraud. Expenses may be paid by the Company in advance of the final disposition of such action if the indemnified person agrees to reimburse the Company in the event indemnification is not permitted.

The Company may purchase and maintain insurance in relation to the Directors against any liabilities asserted against them.

In addition, the Company has granted indemnities to the Investment Manager, the Depositary and the Administrator and their respective directors, officers, employees and agents (including any Investment Advisors, Sub-Investment Managers and Investment Distributors) in respect of actions brought against them in their respective capacities provided that such actions did not involve negligence, wilful default or fraud.

Section 17 | DETERMINATION OF NET ASSET VALUE

NAV per Share

The NAV per Share will be determined by the Administrator, except when the determination of same has been suspended in accordance with the Memorandum and Articles, on each Valuation Day and is calculated to four (4) decimal figures by aggregating the value of the assets owned or contracted by the relevant Sub-Fund and attributable to the relevant class and deducting all of the liabilities of the Sub-Fund attributable to the relevant class (including accrued liabilities and such provisions and allowances for contingencies as the Administrator considers appropriate in respect of the costs and expenses payable by the Sub-Fund and attributable to the relevant class) and dividing such sum by the number of Investor Shares of the relevant class as may be outstanding at the close of business on that Valuation Day.

Valuation of Assets and Calculation of NAV

The Company will invest in Qualifying Investments which at the time of investment will not be quoted or listed enterprises.

- a) The value of any investment, which is not quoted, listed or normally dealt in on a market shall be the value thereof ascertained by the Valuer in good faith. For this purpose:
 1. the initial value of such investment shall be the amount expended in the acquisition thereof (including the amount of the stamp duties, commissions and other expenses incurred in the acquisition thereof and the vesting thereof in the Sub-Fund);
 2. there shall be taken into account interest on interest bearing investments up to the relevant Valuation Day; and
 3. in valuing such investments the Valuer may consider, inter alia, the fundamental analytical data relating to the investments, the nature and duration of restrictions on disposition of the investments and the forces, which influence the market in which the investments are purchased and sold.
- b) On each Valuation Day, the value of any investment vehicle in which a Sub-Fund is invested will be the final net asset value (“**Final NAV**”) reported by the fund manager or administrator of the investment vehicle on the Valuation Day or, if not available, the most recent estimated net asset value based on preliminary returns reported by such fund manager or administrator (“**Estimated NAV**”). All values assigned to securities and other assets and liabilities by the relevant party shall be final and conclusive as to all holders of the Investor Shares in the Sub-Fund. The NAV per Share will be based on Estimated NAV when Final NAV is unavailable. The Valuer will obtain confirmation from the managers or administrators of the investment vehicle in which the Sub-Fund invests regarding their net asset value calculations (whether they are supplying Estimated or Final NAV) prior to the determination of the NAV per Share. Once the NAV per Share has been finalised as of any Valuation Day, whether or not based on Estimated NAV, no adjustments or restatements of such NAV per Share will be performed, even if the Final NAV for particular assets differs from the Estimated NAV used to value such assets. Thus, in the event that there is a difference between Estimated NAV and Final NAV, any necessary adjustments will affect, and be reflected in, the NAV per Share reported in subsequent periods only. Accordingly, any purchase or redemption of Investor Shares will be at NAV per Share as of the Valuation Day coinciding with or immediately preceding the relevant Dealing Day. If there is ultimately a difference between the Estimated NAV and the Final NAV for particular assets that results in an adjustment of NAV after the Dealing Day, the Valuer will not make any adjustment to the dealing price;
- c) Certificates of deposit acquired at their nominal value plus accrued interest (if any) shall be valued at cost plus accrued interest from the date of acquisition on the nominal value at the coupon rate;

- d) Certificates of deposit acquired at a discount or premium on the sum of the nominal value and accrued interest at the date of acquisition shall be valued at their cost plus accrued interest from the date of acquisition on the nominal value at the coupon rate, and adjusted by an amount equal to the discount or premium at which they were acquired divided by the number of days unexpired at the date of acquisition and multiplied by the number of days elapsed from the date of acquisition to the relevant Valuation Day;
- e) Interest bearing securities shall be valued at cost plus accrued interest from the date of acquisition and adjusted by an amount equal to any discount or premium on the sum of the nominal value and accrued interest at the date of acquisition divided by the number of days unexpired at the date of acquisition and multiplied by the number of days elapsed from the date of acquisition to the relevant Valuation Day;
- f) In the case of any security or other property which in the opinion of the Valuer it would not be appropriate to value as above provided, its value thereof shall be determined in such manner as the Valuer shall from time to time determine;
- g) In the case of any asset realised or contracted to be realised at a known value the net proceeds, discounted at a rate considered appropriate by the Valuer of such realisation shall be taken into account in lieu of any other method of determining the value of the asset concerned;
- h) The value of any such securities or other assets listed above shall be determined having regard to the full amount of any currency premium or discount which may be relevant.

Prospective investors should be aware that situations involving uncertainties as to the valuation of investment vehicles may occur and could have an adverse effect on a Sub-Fund's net assets. Absent bad faith or manifest error, the NAV per Share as determined by the Administrator is conclusive and binding on all Shareholders.

The Company may suspend the calculation of the NAV per Share of any Sub-Fund, and as a result the issue and redemption of Investor Shares of that Sub-Fund will be suspended, under any one or more of the following circumstances:

- a) a breakdown occurs in any of the means normally employed by the Administrator or Investment Manager to ascertain the value of the assets of that Sub-Fund or when for any other reason the value of the assets of that Sub-Fund cannot reasonably be ascertained; or
- b) circumstances exist as a result of which in the opinion of the Investment Manager in consultation with the Directors it is not reasonably practicable for the Sub-Fund to realise any investments or other assets owned or contracted for which together constitute a material proportion of the overall assets of that Sub-Fund; or
- c) for any other reason that the Investment Manager in consultation with the Directors in their discretion deem is in the best interests of the Sub-Fund.

In determining the value of investments, the Company will follow the above rules. For the purpose of calculating the NAV and the NAV per Share, the Administrator shall, and shall be entitled to, rely on, and will not be responsible for the accuracy of, financial data furnished to it by the Investment Manager. The Administrator may also use and rely on industry standard financial models identified by the Company or the Investment Manager in order to price any of a Sub-Fund's securities or other assets. If and to the extent that the Investment Manager is responsible for or otherwise involved in the pricing of any of a Sub-Fund's securities or other assets, the Administrator may accept, use and rely on such prices in determining the NAV per Share and shall not be liable to the Company, any investor in the Company, the Directors, the Investment Manager or any other person in so doing. The Administrator is not required and is under no obligation to value individual assets in calculating the NAV and/or verify pricing information. Accordingly, in calculating the NAV, the Administrator shall rely in absolute terms upon the Company, or the relevant service providers for the purpose of providing the valuation of the underlying assets. The Administrator shall have the right to request the Valuer to confirm the sources used for the valuation of the underlying assets.

Additional conditions or methodologies relating to the calculation of the NAV of any particular Sub-Fund (including any class thereof) will, if applicable, be found in the relative Offering Supplement.

Section 18 | GENERAL INFORMATION

Dividend Policy

Except where otherwise stated in the Offering Supplement of any particular Sub-Fund, it is not envisaged that any income or gains will be distributed by the Company to its Shareholders. The Sub-Fund/s will accumulate all income received from its investments, which income will be reflected in the NAV per Share.

Investors should note that, unless otherwise provided in this Offering Memorandum or relevant Offering Supplements for any specific cases or events, by subscribing for Investor Shares they accept that the terms of this Offering Memorandum and the Offering Supplements may be amended by the Board of Directors in accordance with the above criteria without any advance notification to, or consent of, the Shareholders.
