International Equity

a Sub-Fund of Olympian SICAV

Class A EUR – ISIN: LU1632884190

Abalone Asset Management Ltd is the Management Company of the Fund

Objectives and Investment Policy

The investment objective of this Sub-Fund is to achieve capital appreciation.

The Sub-fund invests in leading companies in products, process and market (especially with pricing power) regardless of geographical location and sector.

The Sub-fund principally invests in equity instruments – mainly of medium and high capitalisation - denominated in the three main world currencies: U.S. Dollar, EUR and Yen; however, the Sub-fund may invest in securities denominated in other currencies. The geographical sectors of the investment are principally European Union, North America, Pacific and Emerging Countries.

The investment in equities may involve the combined use of stocks, all eligible ETFs (with no geographical limitations), derivatives and third parties' UCIs. The Sub-Fund will not invest in leveraged ETFs.

The Sub-Fund may invest occasionally (especially in specific market conditions, in case of lack of opportunities in the equity markets) in bonds and debt instruments including but not limited to government bonds, bonds issued by supranational institutions, bonds and notes issued by local authorities or agencies, mortgage bonds MBS, corporate bonds and other debt instruments with a focus on US, EU, Japan and Emerging Countries. Investments in MBS will in no case exceed 10% of the total net assets of the Sub-Fund.

Income: The Sub-Fund does not intend to distribute dividends. Any income arising from the Sub-Fund's investments is reinvested and reflected in the value of your shares. However, the annual general meeting of shareholders may decide to distribute such income.

Buying and selling shares: shares of the Class may be bought and sold on a daily basis subject to the relevant cut-off time.

Currency: The Class is denominated in EUR; the base currency of the Sub-Fund is EUR.

Benchmark: 90% MSCI ACWI in local currencies and 10% Merrill Lynch Euro Currency LIBOR 3-month Constant Maturity.

Strategy: The Sub-Fund is actively managed in reference to the Benchmark, to the extent that the Performance Fees are calculated based on the performance of the Sub-Fund against the Benchmark. The Management Company has full discretion over the composition of the Sub-Fund's portfolio, subject to the investment objective, policy and restrictions stated in the Fund's Prospectus. The composition and weights of the equity securities may materially differ from those of the Benchmark.

Recommendation: This Sub-Fund may not be appropriate for investors who plan to withdraw money within 3 years.

Risk and Reward Profile

Lower Risk ← Higher Risk
Typically lower rewards Typically higher rewards

The above risk and reward indicator rates this Sub-Fund as category 6 since the share price has a high volatility therefore the risk of loss as well as the expected reward can be high. It shall be noted that:

- The lowest category does not mean a risk-free investment.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorisation of the Sub-Fund may change over time.
- Historical data may not be a reliable indication for the future risk profile.

The Following Risks may not be fully captured by the risk and reward indicator:

Credit Risk: Debt securities and bonds held for the Sub-Fund involve credit risk represented by the possibility of default by the issuer.

Exchange Rate Risk: The Sub-Fund may invest in assets denominated in currencies other than the Class currency, thereby exposing the Sub-Fund to fluctuations in exchange rates.

Liquidity Risk: The risk that any of the Sub-Fund's investments may not be easily liquidated which may affect the ability of an investor to redeem from the Sub-Fund.

Equity Risk: The value of shares and securities related to shares will be affected by economic, political, market, and issuer-specific changes.

Derivative Risk: Derivative values can rise and fall at a greater rate than equities and debt instruments. Losses can be greater than the initial investment. This risk is minimised by holding a diverse selection of non-derivative investments.

Operational Risk: The Sub-Fund may be subject to errors affecting transactions, valuation, accounting, and financial reporting, among other things.

Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Sub-Fund to financial loss.

More information regarding risks may be found in the "Risk Factors" section in the Fund's Prospectus.
